This training is especially for the Troop Committee Chair and Committee members. The National Boy Scout Council prepared this program. All Unit and District Commissioners should take this training. You will enjoy taking it and learn a lot! We would like troop committees to register as a group but you can still register individually. If you plan on being on a troop committee, after your son crosses over from Cub Scouts, this will prepare you for that new leadership position. Parents desiring to learn more about the committee end of a Troop should also attend.

The Goal is to help Troop Committee members better understand their roles and responsibilities. A well organized, trained and functional troop committee is one of the best resources that a Scoutmaster can have. They can lighten the load of the leaders working directly with the Scouts, giving them more time for direct contact and development of the Scouts.
